Introduction & Orientation: Kevin Flash, Chair, eTranscript California Steering Committee
This Year's Achievements & Updates: David Shippen, CCC Technology Center

Keynote Speakers 9:15am - Main Room - Auditorium

- **Nathan Evans**, Dean of Enrollment Services, CSU Chancellor's Office
- **Denise Noldon**, Vice Chancellor of Student Services & Special Programs, CCC Chancellor's Office
- **Pam Walker**, Vice Chancellor for Academic Affairs, CCC Chancellor's Office

Concurrent Sessions 10:10am-11:10am

Getting Started Trading Transcripts - Panel Discussion for New Users   ROOM 202

At a Glance: Panel Discussion for New Users
Description: Experienced trading partners from both 2 and 4 year institutions will discuss the challenges, how they resolved problems, and help answer questions from new and prospective users about trading transcripts. Transcript vendors are invited to join the meeting as audience members to provide clarity and insight during discussions.
Audience: College implementation team members charged with exploring the "how-to" aspects of managing electronic transcript exchange.
Presenters: Lenny Robison, CCC Technology Center

General Education Certification   ROOM 201: 10:10am-12:20pm

At A Glance: Panel Discussion on including General Education Certifications with eTranscripts
Description: Staff from several colleges will describe how they currently send general education certifications and their plans for implementing general education certification within eTranscripts. Audience will be encouraged to share how they are handling GE certification on their own campuses.
Audience: Community College staff members from schools that are not yet posting general education requirements on their eTranscripts. We would also welcome staff from colleges that are posting within eTranscripts and from CSU and UC that want to receive the general education certifications within eTranscript.
Presenters: Sue Vaughn, Bakersfield College; Freyja Pereira, Santa Rosa Junior College; Kristine Ayvazyan, Pierce College

Transfer Students: Associate Degree for Transfer and e-Verify   ROOM 106: 10:10am-12:20pm

At a Glance: Panel Discussion on Transfer Degrees from both the CCC and CSU prospective and a demonstration of new e-Verify site
Description: The session is designed as a panel discussion and consists of CCC and CSU staff members that identify, process and work with students with ADT degrees. The session will focus on how ADT degrees are not only technically processed, but also the business process of identifying and handling them from both the sending and receiving institutions' prospective. Topics that will be covered include ADT eTranscript processing, identification of ADT students, student communication from the CCCs and CSUs, redirection of denied ADT students, CCC advising, CSU admission processing including admission/GPA ranking and more. The session will also include a demonstration of the new e-Verify site and a discussion on how CCCs and the CSUs are using the new site. This is a great opportunity for CSU and CCC staff to communicate directly regarding the end to end process of ADT degrees. It is also an opportunity to share best practices to improve and facilitate the processing of the prospective ADT students' applications.
Audience: Community College and CSU staff members from schools that are involved in the tech-

nical and/or business process of handling and processing Transfer Degrees.
Presenters: Jessica Wagoner, CSU Fullerton; Karen Simpson-Alisca, CSU Chancellor's Office
Kris Backus & Kim Goff, Los Rios Community College District

Concurrent Sessions 11:20am-12:20pm

CCC Mini Grant Options: Discuss options for applying and fulfilling grant requirements   ROOM 202

At a Glance: CCC Mini Grant Options and Implementation Discussion
Description: Meeting the Mini Grant requirements for the California Electronic Transcript Standards. What do these options mean? How can my colleges fulfill the grant requirements? Experienced and new trading partners from both 2 and 4 year institutions are welcome to discuss the value of sending and receiving robust electronic transcripts. Help answer questions from new and prospective users about trading transcripts.
Audience: College implementation team members charged with exploring how they can meet the grant requirements and help the college earn up to $27,500 per campus.
Presenters: Lenny Robison, CCC Technology Center

General Education Certification (continued) ROOM 201

Transfer Students (continued)   ROOM 106

Concurrent Sessions 1:30pm-2:30pm

Statewide Initiatives Community Colleges   ROOM 202

At a Glance: Updates on state initiatives for Educational Planners, Common Assessment System, Assist, and C-ID
Description: An overview of major technology initiatives supporting student success in the California Community Colleges.
Audience: Community College student services staff and information technology staff interested in technology initiatives.
Presenters: David Shippen, CCC Technology Center; Bob Quinn, CCC Chancellor's Office

High School Transcripts: Automating EDI Transcripts   ROOM 106

High School Transcripts: Automating EDI Transcripts
At a Glance: Panel discussion on High School Transcript Automating HS EDI Transcripts
Description: The session is designed as a panel discussion on the benefits of automating high school transcripts as well as the challenges of processing them. With the growing demand of receiving high school transcripts by EDI or XML, we hope to learn from the panel and the audience if and how they are receiving and processing electronic high school transcripts. The session will discuss the how electronic high school data is being used for planning, admission and enrollment. Also, the business process and cost saving benefits of moving towards electronic high school transcript data. The session will also include several vendors as well as CCGI that are working with high schools to delivery electronic high school transcript data. Learn about what the future holds for high school transcript data at this session.
Audience: Community College and CSU staff members that either process or manage high school transcripts, electronically, PDF or paper.
Presenters: Jessica Wagoner, CSU Fullerton; Kevin Flash, Los Rios Community College District

Sponsor presentations and a drawing for door prizes, will be held during the Closing Session at 2:40 pm in the Auditorium.
